

Commercial Convection Oven 18x12 2 Shelves

Rs. 26200(GST Extra)

The Convection Oven is intended for preparation of various dishes, pastries, bakery and confectionery at catering establishments and trade, in bakeries and confectionery. The whole line has been properly designed with components able to work continuously for long times. It gives perfect baking results. The heat transported by air is uniformly distributed inside the cavity in order to obtain a homogeneous external coloration of food in all trays.

The fan and exhaust help blow hot oven air over and around the food, then vent it back out. As a result, this hot air surrounds the food so that it cooks evenly and more quickly.
