

## Salamander Grill 14x11 Inch Electric

**Rs. 16600(GST Extra)**

An electric salamander grill uses high power heat elements to generate grill temperatures. These grills work by radiating heat rather than bringing food into direct contact with a conducting hot plate (like in a char grill or a griddle). Temperature can be easily controlled by adjusting the dial and also by varying the shelf position of the cooking rack to bring the food closer to the heat source.

### Technical Specifications

Color	Satin Finish
Power in Watts	1600W
Temperature	0°C to 300°C
Weight in Kgs	12
Dimension in Inches (L X W X H)	26X19X13

05 May 2024 - Price Valid For 15 days
