

Electric Kadai Tabletop 15ltr**INR.25,000.00**

Your search for multi-utility Electric Kadai ends with Cookkart. Roast, fry, bake, grill or make delectable curries & stews, all in this electric kadai. The spacious pan powered upto 1500-Watts cooks food uniformly even with little fat, making it ideal for health-conscious individuals. The adjustable temperature control, and cool-touch handles aids safe and trouble-free cooking. The pan cooks, heats and warms food promptly. Electric Kadai is a perfect helping hand for family dinners, parties, holidays, and bachelors and for a kitchen buzzing with activity. Electric Kadai Cooks much more efficiently than an oven or burner. You can Control the temperature as you want according to the food being cooked.
